Fishing for Health.

When a man breaks down with that dread disease, consumption, and recognizes his condition, he starts out to fish for health. He tries this thing and that thing. He consults this doctor and that doctor. He indulges in all kinds of absurd athletic exercises. He tries first one climate and then another. He grows steadily worse. That is the story of most consumptives. Finally, when the consumptive dies, the doctor shrugs his shoulders and pronounces consumption incurable. A thirty years' test of Dr. Pierce's Golden Medical Discovery has demonstrated that it cures 98 per cent. of all cases of consumption, if taken in the earlier stages of the disease, before the lungs are too far wasted. In a consumptive there is a weaker spot than even the lungs. That spot is the stomach. A consumptive never really begins to die until his stomach gives out. The "Golden Medical Discovery" not only braces up the stomach, but acts directly on the lungs, healing them and driving out all impurities. Honest medicine dealers will not urge you to take an inferior substitute.

"I had a very bad cough, also night-sweats, and was almost in my grave with consumption," writes Mrs. Clara A. McIntire, of Middlebury, Vt. "A friend of mine who had died with consumption came to me in a dream and told me to take Dr. Pierce's Golden Medical Discovery, and thank the Lord, I did so. By the time I had taken half of the first bottle I felt much better. I kept on until I had taken three bottles. That was all I needed. I got well and strong again."

Whenever constipation is one of the complicating causes of disease, the most perfect remedy is Dr. Pierce's Pleasant Pellets, which are always effective, yet absolutely mild and harmless. There never was any remedy invented which can take their place. They never gripe.

TO WHOM IT MAY CONCERN

STATE LAND OFFICE,
CARSON CITY, NEVADA, 1898

NOTICE IS HEREBY GIVEN THAT THE State of Nevada, under the Act of Congress approved June 16, 1890, (21 Stat. 287), has filed in the United States Land Office at Carson City, Nevada, List No. 218 of lands selected under said Act, and has applied for a patent for said lands; that a part of said list is open to the public for inspection, and a copy thereof, by descriptive sub-divisions, has been posted in a convenient place in said United States Land Office for the inspection of all persons interested and the public generally.

Within the next sixty days following the date of this notice, protests or contests against the claim of said State of Nevada to any tract or sub-division described in the list, or of the public land, is more valuable for mineral than agricultural purposes, will be received and noted by the Register and Receiver of the United States Land Office at Carson City, Nevada, for report to the General Land Office at Washington, D. C.

The following are the sub-divisions described, to-wit: NE 1/4 of Sec. 4, T. 28 N. R. 18 E., M. D. B. & M.—40 acres.

Free Medical Treatment for Weak Men

Who Are Willing to Pay When
Convinced of Cure.

backs this offer. (Cut out and send this notice, or mention paper.) Address

ERIE MEDICAL CO., Buffalo, N. Y.

A scientific combined medical and mechanical cure has been discovered for "Weakness of Men." Its success has been so startling that the proprietors now announce that they will send it on trial—remotely and apparently without advance payment—to any honest man. If not all that is claimed—all you wish—send it back—that ends it—pay nothing! This combined treatment cures quickly, thoroughly and forever all effects of early evil habits, irritations, excesses, overwork, worry, etc. It creates health, strength, vitality, sustaining powers and restores weak and undeveloped portions to natural dimensions and functions. Any man writing in earnest will receive description, particulars and references in a plain sealed envelope. Professional confidence. No deception nor imposition of any nature. A national reputation.

SCANDAL MONGERS CORNERED.

The JOURNAL's challenge to the opposition to Senator Stewart to produce evidence from the Congressional Record or the Reports of the Committees of Congress in support of their charges that he has been in any way derelict to the interests of the people of Nevada remains unanswered. We repeat the challenge that they cannot produce any. The records are all in the State Library at Carson.—RENO JOURNAL.

The JOURNAL is mistaken. All the records of Stewart's iniquities are not in the State Library.—News.

The plain inference from the foregoing is that the anti-Stewart syndicate cannot produce anything in substantiation of their charges, and so try to beg the question by asserting that "all the records of Stewart's iniquities are not in the State Library." Produce one record, then, showing that as a United States Senator, Senator Stewart did one act detrimental to the interests of the State of Nevada. Produce a page or a line from the Congressional Record or a report of a committee of Congress showing that he failed in one instance to stand up for Nevada and her interests. The JOURNAL has forced some of the Virginia & Truckee Railroad Company's anti-Stewart syndicate's lies home to them and now they stand forth and whine "that all the records of Stewart's iniquities are not in the State Library."

That method of procedure is the never-failing resource of the libeler and scandal monger. When forced to produce proofs of their slanderous utterances, they begin to invent excuses that the proofs are not attainable or are lost or misplaced. They lack the manhood and decency to stand up and acknowledge that they have lied.

For weeks the Enterprise, News and People's Advocate have been full of statements, insinuations and charges that Senator Stewart in his capacity of United States Senator was derelict to the interests of the people of Nevada. We declared that his legislative record was an open book and challenged them to submit specific proofs. We showed where these records could be found, namely, in the Carson State Library, and they reply that "all the records of Stewart's iniquities are not in the State Library."

This is the sort of men who constitute the anti-Stewart syndicate, slanderers and defamers, who, when cornered, and their calumny exposed, try to beg the question instead of retracting.

And what of the papers publishing such slanders? They are the hyenas of modern journalism, wild jackals living off filth and disease, in whose columns everything that is nasty and corrupt, licentious and unbecoming, finds place. They are incapable of appreciating public honor or private virtue. The decent people recoil from them now, and before this campaign is over their scandals will come back, like boomerangs, to their unholly doors.

GOLDBUGGISM.

A prominent Reno Republican writes as follows to the New York Tribune over the signature R. L. F.:

"It is becoming respectable to be a Republican in Nevada. The silver fallacy was put before the people in a very convincing and plausible shape, so that it was accepted without question by a very large majority. The politicians took their cue and set up a trade of abuse of all who did not believe that changing the shape of the bullion would make fifty cent's worth of silver as valuable as a dollar's worth of gold. Men who had hardly thought out the first definition in finance set up their one quack remedy for the universal ills of mankind, and branded all who would not swallow it as traitors to their State and enemies of the human race. It was like voting against coal mining in Pennsylvania or the lumber interests in Maine to vote against 'free silver' in Nevada. The men who had been led to believe that the 'crime of '73' was responsible for the fall in price, not only of silver, but of wheat, corn and cotton, had no words severe enough for those who laughed at them."

If this is not an earnest of what may be expected should the Republican party again come into political control of the State we should like to know what might be called such.

This is goldbuggism pure and simple and we infer from the foregoing that because it can be openly avowed "it is becoming respectable to be a Republican in Nevada."

The Gazette says, "Vote for Orvis Ring and elect a man who can spell." Since attending spelling matches is not the duty of the Superintendent of Public Instruction, we suggest that you vote for H. O. Cutting and elect a man who can do something for our schools as his record for the past four years shows. Vote for Cutting, vote for progress.

Will Address the People.

Hons. W. A. Massey and M. S. Bonfield will address the people on the political issues of the day at the following times and places:

Love Luck, Wednesday evening, Nov. 2; Winnemucca, Thursday evening, Nov. 3; Elko, Friday evening, Nov. 4; and Tuscarora, Saturday evening, Nov. 5.

In twelve days the political campaign of 1898 will be over.

FROM SEATTLE.

The Political Situation in the State of Washington and Other Matters of Interest.

EDITOR JOURNAL.—From all appearances the political fight is not in such a critical condition in your State as in this. It would seem by your paper that the election of Stewart and Newlands is a foregone conclusion, but in this State the principal fight is for the positions of U. S. Senator and Congressman. The Populists claim a greater victory than two years ago, but the g. o. p. folks do not give any appearance of surrender, in fact appear certain of success, in part at least, and the most sanguine in full.

James Hamilton Lewis (or "Dude Lewis" as he is most disrespectfully termed, on account of his peculiar style of dress), is, as doubtless you are aware, at present Member of Congress, a candidate for re-election on the People's ticket. He is a very bright man, a fine orator, a strong silver man and claims to be a life-long Democrat and as a matter of course is the target for the most bitter shafts of the Republican party. Taken altogether the Populists are a strong party and from all I can learn by reading and limited conversation I incline to the belief that the Republicans have a very hard fight on their hands, with chances for success rather limited although under any circumstances the Pops have no walkover and a clean sweep is not likely, however.

As a matter of course the Silver party will make a clean sweep next month, for on its success depends the future prosperity of the Battle Born and to my notion and that of old Sagebrushers here, the indorsement that Stewart and Newlands received is proof positive that the Sovereign people of the much abused State have ignored party ties *Pro bona publico*. It is life or death to the State and the populace seem to prefer the former. No matter what may be said against W. M. Stewart, he has been a true and solid friend to Nevada and to ignore his services after so many years of hard labor for the interests of her constituents would seem rather bad form. I and many others read the letter of Billy Woodburn which appeared in the Enterprise and many strange remarks were made concerning it. One old time Comstocker said something about an old adage relative to sour grapes. But so it is the world over, in politics especially.

We were very sorry to hear of Mr. Powning's death. Reno has lost a true friend and honest worker and very much will he be missed.

Politics are rushing here and so is business. Everywhere within the city limits are substantial dwelling houses and stores in course of erection and yesterday the City Fathers made the purchase of a valuable block of ground on which another splendid school building will be erected, in fact it seems as though the dawn of increased prosperity was surmounting the State's horizon and that "good times are coming."

DEACON.

Do not read in the Cars.

A London publisher whose eyesight has become so impaired that he finds himself able to do scarcely any reading warns readers against working their eyes when traveling in the cars. He says:

"For many years past I have been in the habit of reading and writing for some hours in the train almost daily, and my present trouble is undoubtedly traceable to this cause."

Oculists are now unanimous in the statement that after a certain time, which varies in different individuals, reading in the cars is a positive danger to eyesight. The page is in constant vibration, and the eyes are strained in trying to follow automatically the rapid movements. Too much light is almost as bad as too little. Reading by a powerful electric light invariably brings on eye troubles. People would make their eyes remain serviceable much longer if the instant the printed letter becomes blurry or the reading matter gets out of focus they would seek the best professional skill and prepare to use glasses. This may be at any age between 18 and 40.

A Filtration Checked.

One day when Queen Victoria was present in her carriage at a military review the princess royal, then rather a willful girl of 13 or 14, sitting on the front seat, seemed disposed to be rather familiar and coquettish with some young officers of the escort. Her majesty, gave several reproving looks without avail. At length, in firing her handkerchief over the sides of the carriage, the princess dropped it, too evidently not accidentally. Instantly two or three young officers sprang from their saddles to return it, but the voice of the queen staid them.

"Stop, gentlemen, leave it just where it lies," she said. "Now, my daughter, get down from the carriage and pick up your handkerchief." There was no help for it. The royal footman let down the steps for the little lady, who proceeded to lift from the dust the pretty piece of cambric and lace. She blushed a good deal as she turned her head saucily, but was doubtless angry enough.

The Screw of Archimedes.

Archimedes of Syracuse, when he was in Egypt, invented a machine for pumping bilge water out of the holds of ships. This instrument was also used in the delta for purposes of irrigation. Diodorus Siculus twice refers to it (i. 34, 2, v. 37, 3). A curious model of such an instrument, probably of the late Ptolemaic period, has been found in lower Egypt. It consists of a terra cotta cylinder with a screw inside it 10 inches long and 4½ inches in diameter. Near the center of the outside is a band with crosspieces. These may represent footholds and suggest that the machine was worked after the manner of the treadmill. Such screws were probably made of wood. No other example of this screw seems to have come to light.—American Journal of Archaeology

H. Riter's Elite is the political headquarters these days, and he keeps a stock of wines, liquors and cigars second to none.

The Woman's Guild of Trinity Church will meet with Mrs. C. A. Bragg at Mrs. R. L. Fulton's residence Wednesday at 2 p. m.

The University football team left for San Francisco last night to play the second eleven of the California University at Berkeley.

The Washoe Lunch Counter is one of the most popular places to eat in town. Everything is first class and short orders are a specialty.

Dr. Hamilton, specialist, (24 years a practical physician and surgeon,) cures rupture radically and destroys piles painlessly. Office over Brooklin's Store, Virginia St., Reno, Nevada.

H. J. Thyes has just received a fine set of heaters, turrens and other conveniences with which to serve his hot lunches. From now on a splendid hot lunch will be set at noon each day.

Everyone who reads the newspapers has heard of the famous yellow kid, but few have ever seen the original. He is at present with Gilmore & Leonard's "Hogan's Alley" Company, and will be seen here at the Opera House this evening.

Everyone is looking forward with no little degree of pleasure to the candidates' ball, to be given by the Wheelmen November 4th. The novelty of this affair promises to be something out of the ordinary; many of the leading candidates will be in attendance, and there will be "one continued round of pleasure" for all who attend.

Free Pills.
Send your address to H. E. Bucklin & Co., Chicago, and get a free sample box of Dr. King's New Life Pills. A trial will convince you of their merits. These pills are easy in action and are particularly effective in cure of constipation and sick headache. For Malaria and liver trouble they have been proved invaluable. They are guaranteed to be perfectly free from every deleterious substance and to be purely vegetable. They do not weaken by their action, but by giving tone to the stomach and bowels greatly invigorate the system. Regular size 25c. per box. Sold by S. J. Hodgekinson's Drugstore.

Indians Threaten an Outbreak.
Governor Sadler received a telegram yesterday calling for arms and ammunition, from citizens in and about Midas, Nye county. The Shoshone Indians at that place threaten an outbreak and the settlers have congregated on one of the ranches and have armed as well as possible to repel an attack. The trouble grew out of the arrest of a white man. Governor Sadler promptly forwarded seventy-five rifles and necessary ammunition, last evening.

A Contemptible Cur.
Some contemptible whelp stuck a knife into one of the rubber tires on Marcus Fradrick's tricycle a day or two ago. This is the second or third time this has happened. The tricycle is absolutely necessary for Marcus to move around as he cannot walk and anyone who would deprive him, even for a few moments of this convenience, is too mean a skunk to live. A reward of \$20 is offered for any evidence that will lead to the arrest and conviction of the guilty person.

PUNCTURED

Nothing but Wind in Those Charges.

The Anti-Stewart Combine Badly Rattled.

When the JOURNAL publicly challenged the Virginia & Truckee Railroad Combine to prove one in fifty of the abusive charges they were making against Senator Stewart, the delusion was entertained that the ordinary rules and amenities of fair play would govern the matter.

The Carson News was made the organ of the opposition and, in the last two issues of that paper, nine charges were presented, five of which we exploded in yesterday morning's JOURNAL. Two things are apparent to any unbiased person who will examine the matter presented by the News. First, that many of the charges are unaccompanied with proof of any character whatsoever, and second, that several of the charges are not germane to the controversy.

We therefore feel justified in laying down two rules, which we submit are fair and proper, in the government of the contest:

I. That charges unaccompanied by proofs are barred.

II. That charges not germane to the question at issue—that is to say, whether or not Senator Stewart in any specific instance has ever proved unfaithful or recreant to the interests of the people of Nevada—are barred.

THE CHARGES.

In the last issue of the News are presented four additional charges of the Combine, numbered from six to nine respectively.

Charge 6 comes under the head of Rule I, inasmuch as it contains no proof other than the bald assertion of the unknown party or parties exploiting it. The only proof admissible in this case would be an affidavit by an official of the Agency of the Nevada Bank of Virginia City in support of it, and until this is forthcoming it is unworthy of notice.

Charge 7. With respect to this we assert that the "proof" is not germane to the charge. In support of an allegation that Senator Stewart is an Attorney of the railroad—the insinuation being that he has acted in that capacity upon the floor of Congress and to the detriment and injury of the people of Nevada—the combine presents one fact, which is cheerfully admitted, that he appeared before the Supreme Court of the United States (not the Senate of the United States) as leading counsel for the Southern Pacific Railroad Company in a California case pending before that body. We say what of it? And what does it prove? There is not a lawyer in the Senate or House of Representatives who has not appeared before the Supreme Court. Senator Stewart has had many cases before that illustrious body. Does that prove that upon any specific occasion he was recreant to the interests of the people of Nevada? Since the combines are so eager to make it appear that Senator Stewart is an attorney of the railroad upon the floor of the Senate, let them produce an instance. The records of Congress are in the State Library. Show the instance. Point to the page where it may be found. They cannot find any such. This is the only proof germane to such a charge. If it exists let us have it and if it does not exist let the charge be retracted.

CHARGE EIGHT.

Charge 8. Stewart does not pay taxes on one dollar's worth of property in the State of Nevada. The authority for this statement is the tax lists of the various counties.

How many times, we wonder, will this falsehood bob up to be killed. If Senator Stewart does not pay taxes upon his fine residence in Carson City, who does pay the taxes?

CHARGE NINE.

Charge 9. The News charges Stewart with being a tool of the Southern Pacific Railroad Company, and a man selected by them to further represent them in the United States Senate.

In "proof" of this is submitted an alleged conversation said to have taken place in Reno, September 8, 1898, between two parties, neither of whom was Senator Stewart. We say that this alleged proof would not be entertained a minute before any court as germane to the charge. Every public servant has the right to demand to be judged by his public acts, by the manner in which he has fulfilled his stewardship. If Senator Stewart is a tool of the Southern Pacific railroad, let the combine present the specific instance when, where, and in what manner he was such a tool. That proof, and that only can be considered germane to the charge. We repeat that in this instance, as in the case of "Charge 7" the only proof admissible is the record of his actions as a representative in Congress. Produce the occasion when he proved himself the tool of the railroad, and not a loyal and courageous supporter of the interests of the people of Nevada. In this connection we may revert to the reply to "Charge 7" in yesterday's issue, where we showed that the Pacific railroads were most vitally at stake, he stood upon the side of the people and voted with White and Morgan to compel the railroad to pay its just obligations in full to the Govern-

Royal makes the food pure, wholesome and delicious.

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

ment, Is this an instance where he appeared as a "tool of the railroad?"

ADDENDA.

And we still continue to assert that reputations for veracity among the opponents of Senator Stewart will be at a premium before the campaign is over.

Hogan's Alley To Night.

The most interesting portion of New York to the people of this country, who live outside of it, is undoubtedly that great hive of humanity, the "East Side," in which is located that famous fountain of wit and well spring of humor, "Hogan's Alley." This paradise of wit has become so famous throughout the country in the last few years, through the efforts of numerous journalists, that W. H. Macart has taken the most famous of its characters and woven them into the brightest, merriest farce comedy on the stage. Probably the most prominent of the various characters of Hogan's Alley is Hickey Dugan, the famous original "Yellow Kid." Hickey's wit is as nimble as a proverbial flea and as sharp as a tack and many of his sayings have become household proverbs. Thousands have read of his famous trip around the globe and the best of the many humorous incidents of that pilgrimage are incorporated in the farce "Hogan's Alley." Some of the other notable features of the comedy include Hogan's Cycle Club, Hogan's Illuminated Roof Garden, The Yellow Kid Vaudeville Entertainment and a big array of the brightest European novelists. "Hogan's Alley" which is at present enjoying a most popular and successful trip across the continent, will be seen in this city under the management of Delcher & Henneey, at the Opera House this evening. Prices 50 cents and \$1.

Glad Their Outlook is so Flattering.

Some of the papers in the eastern part of the State are making considerable ado over an squib that appeared in the JOURNAL a few days ago in reference to the vote of the six western counties being about half that of the State. There was no intention on the part of the JOURNAL to reflect on the prospects and progress in the counties of the Great East. The JOURNAL is glad to know that the outlook for Humboldt, Elko and Lincoln counties is so flattering, for with their prosperity and increasing population, they may save the western counties the mortification of having to be annexed to California.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for consumption, coughs and cold, he declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affection are positively cured by Dr. King's New Discovery for consumption. Trial bottles free at S. J. Hodgekinson's Drug store. Regular size 50c. and \$1.00. Guaranteed to cure or money refunded.

At Rest.

The funeral of the late Bert Curnow took place from the Methodist Church yesterday afternoon and was largely attended.

The Reno Wheelmen acted as an escort, the deceased having been a member of the Club. This act on the part of the Wheelmen made an excellent impression and was favorably commented upon. The funeral cortege was headed by the Wheelmen's band and as the notes of the funeral dirge were wafted over the town many hearts were saddened by the thought that one so young should be taken away.

Violet Tea.

The choir girls of Trinity Church will give a violet tea in the hall in the Investment building, on next Saturday from 2 to 10 p. m. They have given their services to the church for several years past and now need new vestments and music. The girls will try to interest and please all who may attend and they hope for a generous patronage, not only from their friends, but from all who are interested in the Church and its work. They will have a program and serve refreshments for a small admission.

Bucklen's Arnica Salve.

The best salve in the world for Cuts, Bruises, Sores, Ulcers, Salt Rheum, Fever Sores, Tetter, Chapped Hands, Chills, Corns, and all Skin Eruptions, and positively cures Piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by, S. J. HODGKINSON.

The East Afloat.
Governor Sadler and the editor of the Appeal returned from a campaigning tour of two weeks in the eastern part of the State yesterday.
They, in company with editors Kelley of the JOURNAL and William Jones of the Reville with them a portion of the time, traveled over about 1,500 miles by rail, stage and private conveyance and addressed the people of ten different towns.
The result of our observation is that the silver ranks in the great east are as firm as they were two years ago.
The ranks are unbroken in Eureka, White Pine, Lander and Lincoln and they will go for silver by heavy majorities.
There is some defection in Humboldt and Elko, but both counties will be in line by fair majorities and the ticket will reach Vadsworth by majorities that will insure its entire success.
The fight lies entirely in Washoe, Ormsby and Storey and here the brunt of the battle must be fought.
The candidates who made the tour got an average of about four hours sleep at night but came back in good health and spirits.
The Governor did the principal speaking and was received with enthusiasm on all sides. As a rough and tumble campaign speaker he has few equals and he made votes everywhere he talked. The audience cheer his sturdy utterance and he talks for the whole ticket.
The east is all right for silver with sufficient majorities to easily overcome any defection in the west.—Appeal.

Memorial Services.

Amity Lodge No. 8, K. of P., held memorial services last evening in remembrance of Past Grand Chancellor Powning, deceased.

The lodge was conveyed in open session and besides the members of the lodge and visiting members, there were a number of invited guests.

The services were very beautiful and impressive and a deserved tribute was paid to the departed brother.

The Congregational Church choir was present and rendered excellent music during the ceremonies. As a whole the services were very interesting and will long remain in the memory of all who attended.

Important to Working Men.

I have just received a complete and large stock of gent's furnishing goods, shirts, undershirts, socks, gloves, neckties, collars, cuffs, etc., direct from the factory. Also the celebrated Bull Britches and Levi Strauss overalls in all sizes, which I am selling at prices that defy competition. I have a large assortment of fine all wool blankets, buggy robes, saddle blankets and quilts. I have always on hand a complete stock of all the leading brands of cigars, cigarettes and tobacco which I sell at wholesale and retail. A free employment office in connection with the store.

A. NELSON.

Subdued the Virago.

While Spurgeon was still a boy preacher he was warned about a certain virago and told that she intended to give him a tongue lashing. "All right," he replied, "but that's a game at which two can play." Not long after, as he passed her gate one morning, she assailed him with a flood of billingsgate. He smiled and said: "Yes, thank you, I am quite well. I hope you are the same."

Then came another burst of vituperation, pitched in a still higher key, to which he replied, still smiling: "Yes, it does look rather as if it is going to rain. I think I had better be getting on!"

"Bless the man!" she exclaimed, "he's as deaf as a post. What's the use of storming at him?" and so her ravings ceased and were never again attempted.

A Very Small Piece of It.

She—Have you forgotten how you once said you would give the world for me?

He—What if I did?

"Oh, nothing particularly, but it seems very strange now that you won't even sell that little old suburban lot so that I can have a new wheel!"—Indianapolis Journal.

A Long Walk.

The longest walk one could take in a straight line on solid land would be from the eastern side of the Red sea, not far from Mecca, to the Bering strait, a promenade of about 6,000 miles. In the western hemisphere the walk would not exceed 4,500 miles, owing to the irregular shape of the American continent.

A Demand for a Waistcoat.

At Strathfieldsaye there are (or were) llamas. A good story is told of the Duke of Wellington that years ago the first llamas brought there were shorn and a waistcoat made for the duke, but a late frost set in, and they had to make flannel waistcoats for the llamas instead of their own wool.—Notes and Queries.

PLATFORM.

age of both gold and silver; that it holds to this principle as a tenet of party faith and a test of party allegiance; that it will permit of no abandonment or modification of its doctrine; that it let whoever proves recalcitrant to the principle of bimetalism it will remain steadfast thereto.

And who on May 9, 1890, at Virginia City, declared as follows:

"We again reiterate our steadfast devotion to the cause of the free and unlimited coinage of silver, and declare that in our judgment the restoration of the true bimetallic standard of value as it existed previous to 1873, namely, at the ratio of 16 to 1, is an absolute and imperative requirement before the financial system of our government will afford the people a value of stable circulating money sufficient to place the business of the country on a permanently prosperous basis."

We endorse the action of Nevada's representatives with respect to tariff and financial legislation; commending their patriotic support of the administration in time of war, whilst using all efforts to prevent the issuance of bonds.

We say to the Republican party of Nevada: Do not the beneficent results of the tariff schedules of the Dingley bill which affect Nevada, and which Nevada's Silver representatives secured, namely: wool, cattle, hides, furs, and horses, fall upon you as the rain falls upon the just and the unjust? And if so, in what manner could Republican Representatives have done more?

We say to the Democratic party of Nevada: Has not the action of Nevada's Representatives on financial legislation been in keeping with the Democratic platform of 1890, and in this respect, could Democratic Representatives have done more?

We express our profound appreciation of the tireless efforts of Nevada's great old man, Wm. M. Stewart, not only as the leader of the silver cause in America, but for his great devotion to the local interests of the State, as exemplified by the fact that he has been the author of many of the important measures affecting Nevada's interests which have been enacted by Congress: namely, the mining laws of the United States, the Carson Mint, the Stewart Institute, the establishment of the Agricultural Experiment Station, which enables the State University to receive the \$40,000 a year Government aid, and the securing of a military instructor at the State University. We further commend his efforts, now likely soon to be crowned with success, to secure the payment to the State and citizens of Nevada of nearly half a million dollars for moneys expended in the suppression of the war of the rebellion, and Indian outbreaks. We endorse his proposal to secure legislation making Lake Tahoe and vicinity a national park, the Government purchasing on an equitable basis the rights of parties whose interests are affected, as not only preserving from destruction one of Nature's grandest works, but giving the National Government control for irrigation purposes of a great lake reservoir, which will guarantee the farmers along the Truckee river more water for irrigation, and enable a vast additional area of arid land to be brought under cultivation.

We earnestly recommend the re-election of Wm. M. Stewart to the Senate of the United States, and pledge the Silver party of Nevada and the nominees of this convention to his support for that office.

To our other Senator, John P. Jones, we extend the greetings of people who recognize that they have such a great public servant who has honored the commonwealth which has delighted to honor him. His pre-eminent knowledge of all financial questions has been used by him for the benefit of the whole world, and his speeches in the United States Senate upon the silver question have become the text book of these statesmen who are devoted to the interests of the whole people.

We take pride in the career of Francis G. Newlands in Congress, notably in the fact that he has risen in six years to a place among the leaders of the House, and that his influence in public affairs is becoming more and more manifest, as is shown by his great part in the annexation of the Hawaiian Islands, a consummation anticipated and desired by the American people for more than fifty years. We declare that Nevada cannot afford to lose him as her Representative in the halls of Congress.

Recognizing the importance of State development upon agricultural lines, we commend the efforts of our Representative in Congress to secure for the State of Nevada legislation looking to the reclamation of arid lands, and the storage of water in reservoirs, and urge our Senators and Representatives to continue to secure the passage of the irrigation bills now before Congress, introduced by our Representative Francis G. Newlands.

The United States is now in the rightful control of Cuba, Porto Rico, and the Philippine Islands, and we are in favor of holding the same until the American people shall have time to consider and make such disposition of the new acquisitions as sound policy and the interests of the whole country may require.

We favor the construction of the Nicaragua canal by the Government of the United States of America as a political and commercial necessity.

At the last session of Congress a law having been passed providing for the settlement of the indebtedness of the Central Pacific railroad to the Government of the United States, the terms of which require the payment of the entire debt, principal and interest, within ten years, with interest at the rate of 3 per cent per annum, and on failure to make such payment within one year, the mortgage lien of the United States to be at once foreclosed, and the property sold to the highest bidder, we favor foreclosure according to the terms of said Act in case its conditions regarding settlement are not complied with.

Certain decisions of the United States courts having shown the Inter-State Commerce Commission of the authority and powers undoubtedly intended to be conferred upon it when originally enacted, we favor such amendments to the Act as will make it an effective protection to the people against discriminating tariffs.

The heroism and valor of the American soldier and sailor have won additional laurels during the war with Spain. The story of the brave deeds of our naval and military heroes will forever form a glorious page in American history. On land as well as sea America's defenders have proved their unswerving devotion to the flag. Praising those who fought our battles, we condemn the traitorous conduct of those officials, wherever responsibility may rest, to whose culpability is due the death by starvation and disease of several thousand of our men. We demand that the awful scandals involved in the conduct of the war be impartially and completely investigated, and that adequate punishment be meted wherever due.

The people of Nevada are justly proud of their University. We commend the efficient management which has made it an institution of infinite usefulness and wisdom to the State. Its influence is already felt as a potent factor for the intellectual and economic development of the State. We pledge to its generous support and hearty co-operation along every line that will tend to maintain its present high standard, or conduce to its improvement.

This convention pledges its nominee for Governor that he will approve of such legislation as will carry into effect the sixth section of Article 10 of the State Constitution which provides that the State Legislature shall provide a special tax which shall not exceed two mills on the dollar of all taxable property in the State in addition to the means provided for the support and maintenance of the State's public institutions. This convention recommends all county conventions of the Silver party to pledge their nominees for the State Legislature to carry into effect the State Constitution by passing a bill levying a tax of one mill on the dollar of all taxable property in this State in addition to the other means now provided by law for the support and maintenance of the State University and common schools of this State.

We invite comparison of the four years during which the Silver Party has been in control of the State Government with the last four years of the Republican regime. The expenditure of the Republican Legislature amounted to \$21,000, that of the last Silver Party Legislature, \$39,700. The expenses of the Executive Department for the last year immediately preceding Silver Party control amounted to over \$35,000, while but \$25,000 were the expenses of the Executive Department during the last four years of Republican management. \$8,000 were expended in public buildings as against \$97,000 by the Silver Party. And during the periods in comparison, in support of the public institutions of the State, the Silver Party expended \$377,000 as against \$136,500 of the Republican party. No one can examine the foregoing and many other facts and figures which might be adduced, without the resulting conviction that the Silver Party has fulfilled its promise of retrenchment with reference to salaries of State officials and the curtailment of unnecessary expenses, while, on the other hand, it has generously fostered the educational and charitable institutions of the State and wisely contributed to its public improvement.

ELECTION NOTICE.

NOTICE IS HEREBY GIVEN THAT on the 8th day of November, A. D., 1898, being the first Tuesday after the first Monday, as provided by law, at the several election precincts in the county of Washoe, an election will be held for the following-named State, County and Township Officers, to wit:

One Representative in Congress.
One Governor.
One Lieutenant Governor.
One Justice of Supreme Court.
One Secretary of State.
One State Controller.
One State Treasurer.
One Surveyor General.
One Attorney General.
One Superintendent of State Printing.
One Superintendent of Public Instruction.
One Regent State University—Long term.
One Regent State University—Short term.
One District Judge.
One State Senator.
Four Members of Assembly.
One Sheriff.
One Assessor.
One County Clerk.
One Recorder and Auditor.
One Treasurer.
One District Attorney.
One County Surveyor.
One Public Administrator.
One County Commissioner—Long term.
One County Commissioner—Short term.
Five City Councilmen—Reno Precinct.
One Justice of the Peace—Reno Precinct.
One Justice of the Peace—Verdi Precinct.
One Justice of the Peace—Wadsworth Precinct.
One Justice of the Peace—Glendale Precinct.
One Constable—Reno Precinct.
One Constable—Verdi Precinct.
One Constable—Wadsworth Precinct.
One Constable—Glendale Precinct.
One Constable—Franktown Precinct.

Which election shall be opened not later than 8 o'clock A. M., and shall continue until 6 o'clock P. M. of the same day.

VOTING PLACES AND INSPECTORS.

Franktown—Polling place—Corecco House. Inspectors—H. Heidenreich, S. Pedrell, G. Corecco.

Washoe—Polling place—To be selected by the Inspectors—Inspectors—E. Harris, F. Sauer and W. C. Gregory.

Reno—Fourth Ward—Polling place—Fire Engine House—Inspectors—E. Seitz, E. O. Lane and W. Morton.

Reno—Fifth Ward—Polling place—The Old Congregational Church—Inspectors—H. W. Higgins, S. D. Connell and B. Campbell.

BALLOTS.

Ballots to be in accordance with an Act of the Legislature of the State of Nevada, and known as the Australian Ballot.

F. B. PORTER,
Clerk of the Board of County Commissioners.
oct 5

BIDS OR PROPOSALS WANTED.

NOTICE IS HEREBY GIVEN THAT BIDS or proposals will be received by the City Council of the City of Reno, Nevada, until 7:30 o'clock P. M. of Saturday, November 12th, 1898, at the office of the City Clerk, Reno, for the purchase of Reno Water Works bonds in the sum of \$100,000 or any portion thereof not less than the sum of \$500. Said bonds to bear interest at the rate of six per cent per annum, payable annually at their maturity at the office of the City Treasurer of Reno. Said bonds shall not be liable to taxation by said City of Reno, and shall be received by said Council as aforesaid for the construction of and putting in a water system for said City of Reno, in accordance with the plans and specifications adopted by said City Council, on Monday, September 28th, 1898, which said plans and specifications are now on file with the Clerk of said Council, at his office in the Court House of Washoe county, at Reno, Nevada, and hereafter referred to as "the plans and specifications," and will be subject to public inspection at any time between the hours of 9 o'clock A. M. and 4 P. M., legal holidays excepted. Payment for the construction and putting in of said system will be made with bonds of said City of Reno, bearing interest at the rate and payable at the terms and at the place and be untransferable by said city aforesaid, at not less than their par value, in the manner provided in said plans and specifications, and all bids or proposals shall be sealed, and so endorsed upon the envelope as to indicate the character of the contract, addressed to F. B. Porter, City Clerk, Reno, Nevada.

The person or corporation offering to provide the best permanent water supply for the least number or amount of said bonds, shall be deemed the lowest or best bidder; provided he reserves the right to reject any and all bids.

R. S. OSBURN, President.
F. B. PORTER, Clerk.
Reno, Nevada, September 25, 1898.
